

RTP (Transfer Ip rights) Challenge-Specific Agreement

Please Read This Carefully! You are agreeing to a Challenge-Specific Solver Agreement for this particular Challenge only, as permitted in the [Terms of Use](#). Enel X, acting as the Seeker for this Challenge, has required that you accept these special terms, so please take the time to understand them.

The employees of Enel X who work in the e-Mobility and Innovation and Product Lab, as well as their spouses or partners and their relatives up to the fourth degree, are not eligible for participation in this Challenge.

Please note that this challenge is managed by InnoCentive, Inc., the challenge program partner of Enel S.p.A, Open Innovability.

If you click "I agree" and proceed to the openinnovability.enel.com platform for this Challenge, this Challenge-Specific Agreement ("CSA") will be a valid and binding agreement for all purposes relating to this Challenge and in addition to your agreement to abide by the Terms of Use when you registered as a Solver. Please print and keep a copy of this CSA. No provisions you may have agreed to that are specific to any other individual Challenge will apply.

1. **Your Responsibility to Avoid Obstacles.** The Seeker and InnoCentive need to know that if you solve the Challenge there will not be any legal obstacles to completing the transfer of your rights to the Seeker (Open Innovability) and InnoCentive, which is the only way that you can receive the Award. You agree to be responsible for avoiding obstacles to transferring all Intellectual Property (the "Solution IP") if you submit a Proposed Solution chosen as a winning Solution. **You will not receive an Award if you cannot transfer the Solution on the terms set forth in this CSA and any other terms established by Seeker in the Solution Acceptance Criteria.**
2. **Your Guarantee.** You agree that if and when the time comes to transfer the Solution IP, you will give a guarantee (the "Guarantee") that the transfer is lawful in exchange for the one-time payment of the Award to you alone, and that no consents, approvals or contracts that you did not already have before starting the Challenge are necessary from or with anyone else, such as:
 - a. Your employer;
 - b. Any former employer or other entity you are or have been associated with or have a contract with regarding Intellectual Property you develop that would impede the transfer of the Solution to Seeker;
 - c. Anyone collaborating with you on the development of the Solution IP;
 - d. Anyone else whose Intellectual Property you use or incorporate in the Solution IP;
 - e. Any government official, regulatory body or other authority (for example, if any of the Solution IP is within the scope of a technology export control law in your country prohibiting its transfer to InnoCentive in the United States, or if the required assignments or licenses of the Solution IP are otherwise subject to public registration, review and/or approval)
 - f. The holder of any lien (for example, if a bank or other creditor has obtained a mortgage or security interest in any of the Solution IP);
 - g. Anyone who may be entitled to royalties or other payments relating to any of the Solution IP either by law or contract.
3. **Your Obligations to Protect Potential Solution IP.** In order to be eligible for an Award, during the period from when you begin work on the Challenge until the expiration of the Time Period as set forth in the Challenge Statement, you shall not:
 - a. Grant away any rights in the Proposed Solution you are developing ("Potential Solution IP"), or do anything else that would prevent you from granting the Option for the Exclusivity Period;
 - b. Reveal to any third party, except on terms of strict confidentiality, any information that relates to Potential Solution IP or do anything else likely to impair any of the Potential Solution IP; or
 - c. Do anything that would cause the failure of your Guarantee.
4. **Exclusivity Period.** By submitting your Proposed Solution you agree to grant to InnoCentive and the Seeker the following rights, for a period of 90 days (the "Exclusivity Period") from the deadline set forth in the Challenge Statement (the "Deadline"): (a) an exclusive option to acquire the rights to the Proposed Solution (the "Option"), as described in this Agreement, and (b) an exclusive, worldwide sublicensable license of the Proposed Solution

for use in connection with the Challenge, (collectively, these exclusive right and the Option are referred to as the "Exclusive Option Rights"). InnoCentive will make reasonable efforts to transmit relevant Proposed Solutions to Seekers, however, nothing herein shall be construed as requiring InnoCentive to transmit every Proposed Solution submitted in response to an InnoCentive Challenge to a Seeker. In addition, by submitting your Proposed Solution you thereby agree to provide reasonable assistance and additional information concerning your Proposed Solution to InnoCentive or the Seeker during the Exclusivity Period, if requested. By granting the Exclusive Option Rights you agree that during the Exclusivity Period (and thereafter, if the Option is exercised), you are prohibited from (x) using, the Proposed Solution develop on your own a prototype based on the proposed Solution or (y) disclosing to or granting or assigning or transferring any rights to a third party to use the Proposed Solution or to develop a prototype for any purpose, including the application for patents or similar intellectual property rights.

5. **Acceptance of Proposed Solution and Transfer of Intellectual Property.** InnoCentive will notify you within a commercially reasonable period of time after the Deadline and before the termination of the Exclusivity Period whether a Seeker accepts your Proposed Solution and wishes to exercise an Option ("Acceptance"). For purposes of this Agreement, "Acceptance" shall mean the selection of your Proposed Solution by the Seeker as meeting the Solution Acceptance Criteria as set forth in the Challenge Statement. The Seeker has absolute and sole discretion to determine whether to Accept your Proposed Solution, or any Proposed Solution, and whether to make an Award, multiple Awards or any Award. Solver acknowledges and agrees that InnoCentive, the Seeker and Enel S.p.A. (Open Innovability) are not responsible for and has no liability for selection of a winning solver, if any. Solver further agrees to hold, the Seeker, Enel S.p.A OpenInnovability and InnoCentive legally harmless in regard to selection of a winning solver, if any. Solver agrees to hold the Seeker, Enel s.p.a (OpenInnovability) and InnoCentive legally harmless for any advice it may provide as to the quality or suitability of submitted solutions and agrees to waive any claim against Enel (OpenInnovability), the Seeker and InnoCentive for Solver's failure to win an award. The meeting of the Solution Acceptance Criteria does not mean that the Proposed Solution will be Accepted by a Seeker. In the event that your Proposed Solution is not Accepted within the Exclusivity Period, the Exclusive Option Rights will terminate without further notice to you. Upon Acceptance of your Proposed Solution by a Seeker and payment of an Award to you (see "Payments"), you hereby assign and convey to InnoCentive all rights, title, and interests in and to the Proposed Solution, and you retain no rights to the Proposed Solution insofar as it is related to the Challenge. In the event that the Proposed Solution cannot be assigned and conveyed under statutory law, you herewith grant to InnoCentive a worldwide, unlimited, perpetual, irrevocable, sublicensable license to use, make, have made, market, copy, modify, lease, sell, distribute, and create Work Product from the Proposed Solution, including the right to assign the foregoing license to Seekers (all such rights collectively referred to as "Intellectual Property"), you agree that you will, during the term of this Agreement and at any time thereafter, execute all papers and do all things deemed necessary by InnoCentive or a Seeker to ensure that InnoCentive and the Seeker acquires all rights, title, and interests in and to the Proposed Solution related to the Challenge and that ensures that all such rights are transferred to Seeker. Such cooperation and execution shall be performed without additional compensation to you. Upon payment of the Award, or termination of the Exclusive Option Rights for any reason, there will be no further obligations between you and InnoCentive or the Seeker with respect to the Proposed Solution to the Challenge, except for the limitations on use and disclosure described under "Confidentiality", below. However the Solver resulting as the winner of the Challenge guarantees his availability to provide further assistance to the Seeker for the subsequent realization by the Seeker of the prototype based on the winning Solution.

Without prejudice to the article 5.6 of the Terms of Usage, the obligation to grant the IP rights set in this article does not apply if the winning solution is proposed by an employee of an Enel company, unless the employee is the owner of the solution according to the relevant national law.

6. **Payments.** If a Seeker Accepts your Proposed Solution, the payment amount (called an "Award") specified in the Challenge posted on the Service by a Seeker (or, in the case of partial payments of Awards, a "Revised Award Amount", if applicable) shall be paid to you by InnoCentive within thirty(30) days after occurrence of each of the following: 1) you are notified by InnoCentive of your Proposed Solution's Acceptance, and 2) the completion of certain verification procedures by InnoCentive, and review and acceptance of such results by Seeker, and 3) InnoCentive's receipt of Award payment from the Seeker. Payment of any Award is conditioned upon your cooperation with InnoCentive's verification procedures. The Award will be paid to you locally, in U.S. Dollars, or if required by your local law, in your local currency equivalent based on the foreign exchange rate in effect on the date of the disbursement by InnoCentive. InnoCentive is not responsible for

payment of any Award, or any part of any Award, to any party other than to the Solver through whom the Proposed Solution was submitted to the Service. You understand that the Award represents a complete payment, net of any local taxes that InnoCentive may be required to withhold, for any Accepted Proposed Solution and that you are not entitled to any other compensation of any kind. If local law does not require withholding of taxes, all taxes on Awards shall be your sole responsibility.

7. **Transfers.** The transfers of Solution IP and the Award or any Revised Award Amount (as determined by Seeker) will be as follows:

9. **Notwithstanding anything herein to the contrary, you recognize that other persons may have provided Seeker or others, or made public, or may in the future submit, or make public, materials that are the same or similar to your Proposed Solution. You acknowledge and agree that Seeker shall have the right to use such same or similar materials, and that you will not be entitled to any compensation arising from Seeker's use of such materials.**
